Date: February 27-28, 2025.
Location: Aspropyrgos / Athens, Greece

**Review:
Collab Innovation
Pilots growing
stronger & Collab
for CCI Innovation
international
exchange**

& ONLINE

Join us for the final Knowledge Sharing Session for Collab4HySustCCI hosted by Syn+Ergasia. The 15 selected organizations and their pilot mentors, international CCIs and stakeholders, specifically interested in collaboration for innovation in/with the South East Europe region will be reviewing the individual innovation pilot experience (addressing hybrid audience development or cross-sector collaboration).

Collab4HySust connects cultural and creative organizations with relevant stakeholders through networking activities which are relevant to the target organizations (project participants; regional CCI stakeholders, innovation policy organizations, associations and funders).

Sign up to participate:

Who can apply?

The format foresees working in smaller groups/roundtable format as well as pitching and networking sessions. Suggestions on upgrading the Collab-4HySustCCI mentoring for innovation as well as proposed spinoff initiatives derived from the experience of creative innovation and the scaling up of this network are on the table.
